APPLICATION FOR ADULT UPGRADE

All previously foal recorded horses

EXPRESS REGISTRATION? \$20 surcharge applies (all fees / paperwork / photos must be lodged ELECTRONICALLY)

REGISTERED NAME OF HORSE:

Sex:

DA Foal Recording Number:

(Original Foal Recording Certificate must be attached)

PALOMINOS - has the above named horse been presented for classification previously? Yes No

If "YES" state Where:

When:

No of times presented:

DD/MM/YY

OWNER'S NAME:

ADDRESS:

EMAIL:

DA MEMBERSHIP No:

Horses must be branded/micro chipped before classification day UNLESS they are already registered with a breed society which registers unbranded stock. If Micro chipped, a copy of certificate must accompany this form

Composite dilutes (dilutes that carry more than one dilution ie buckskin dun etc) may now be registered in each register for which they carry a dilution gene. Their primary registration remains as per the order of dominance as listed in the regulations so a buckskin dun will be registered as a dun first and if the owner wants the additional buckskin registration, this is available upon payment of \$40 per additional dilution.

METHOD

Please tick appropriate box

Sample photos and a list of photos / video footage required is available on our website.

Photographs (PREFERRED) – must be emailed. Please ensure NS/OS/Front/Rear photos comply with the samples on the website.

Coloured photographs of each horse detailing brands, scars, markings, mane, tail etc MUST accompany this form. Photographs must include:

- Full shots of near side / off side / front / rear, under belly (at least one shot to be taken from directly underneath), near eye, off eye, open lips and show teeth from the side, stallions: testicles
- **DUNS** – close up of characteristics must be shown
- **PALOMINOS** - mane & tail must be fanned out / opened up for close inspection and photographing

Video / DVD - should only be used if photos are not possible

- to be taken in the daytime, preferably on a sunny day
- must show horse walking and trotting towards and away from the camera and trotting side on
- must show both sides, front, rear and underneath; these views to be taken from a distance of no more than 2 metres; at least one photo must be close enough to see brands. Under belly footage to show testicles in stallions
- all leg markings must be clearly shown from both sides, front and rear. If they extend above the top of the knee / hock please specify as physical inspection may be deemed necessary.
- **DUNS** – close up of characteristics must be shown
- **PALOMINOS** - mane & tail must be fanned out / opened up for close inspection and videoing
- both eyes must be clearly shown in one view and then videoed close-up. If eyes are multi-coloured or have iridescent patches please specify as horse may be ineligible for registration
- lips must be opened up / drawn back to show front teeth for close inspection and videoing side on.

Physical – only applicable where a horse has extended leg markings ie above the tops of the knees / hocks in which case physical inspection may be mandatory or is suspected of having white belly splashes, parti coloured eyes etc.
